

Custom Built Cases

Brief: How quickly can we build cases for TV set items ranging from podiums and desks to chairs and logo signs to be ready for Fox Sports Cricket first season broadcast?

Solution: As one of our valued customers, we gathered all our operation power to plan, design, build and deliver all the cases on time. All the cases, and there were 30 of them, were designed and built at our Sydney-based factory and were shipped to Australia-wide set locations. To give you an idea of scale of the job, we went through over 30,000 rivets over a month to put hardware on these cases.

A streamlined production line and well-planned operations ensured on-time delivery of the cases with no mistakes. The job received much positive feedback from Fox Sports, as well as their set designers at Wild Sets and Crayon.
