

Ovation Fire Safety Station Case Features:

- 9mm ABS Laminated Textured Red Plywood to minimise grazing and camouflage scratches
- 3mm Aluminium Edge Extrusion in combination with solid 2mm thick, galvanised steel ball corners with 9 rivet holes, compared to the industry standard of 6, providing a more secure mechanical bond between ALL case elements on Ovation Cases.
- Padlockable Medium Duty Butterfly Latches
- Fold-up Style Case with Overlatch Butterfly Latches to lock case in place when opened
- Self-aligning Castors with brakes to lock case in position when set up
- Fully customisable to your needs

Ability to store:

- 1x 4.5kg ABE Dry Powder Fire Extinguisher
- 1x 2.0kg Carbon Dioxide Extinguisher
- 1x 15W Megaphone with Siren (Red)
- 1x Ultimate First Aid Kit
- 1x 1.2m x 1.8m Fire Blanket
- Additional storage compartment

Ensure the safety and well-being of your workers and others wherever you are with this free-standing portable fire safety unit to be used at any event or venue.
